Full upper body routine — balanced volume

Maintenance volume · hypermobility-safe · ~28 min working · 21 working sets

Muscle group

Shoulder / rotator cuff · Chest · Back · Biceps · Triceps

30–60 min before: collagen peptides (10–15g) + vitamin C
Maximizes collagen synthesis in tendons loaded during session
Warmup activation handled by mobility protocol (P1, P3, P4, P5) — no separate warmup section

A — Superset 1: Chest + Back compound (~6.5 min · 2 rounds · 90s rest after each pair)

1	Smith machine flat bench press (soft elbow lockout) Pec major · anterior delt · triceps Chest · heavy compound	2 × 6–8 Smith

↕ then immediately

2	Narrow grip seated cable row (no forward lean on eccentric) Mid-trap · rhomboids · lats · posterior delt Back · archery draw power	2 × 8–10 Cable · 3s ecc

B — Superset 2: Back + Chest lengthened (~7 min · 2 rounds · 90s rest after each pair)

3	Lat pulldown — stretch at top (let shoulder elevate at top · pull to upper chest · soft elbow) Lats (upper/stretched portion) · teres major · rhomboids · biceps (synergist)	2 × 10–12 Cable · 3s ecc

↕ then immediately

4	Dumbbell chest fly (flat bench) (light weight · slight bend in elbows throughout) Pec major stretch — antagonist balance for archery draw	2 × 12–15 DB · flat bench

C — Superset 3: Biceps + Triceps (~9 min · 4 rounds · 60s rest after each pair)

5	Curl variants — alternate across the 4 rounds R1, R3: Preacher curl (shortened bias, supported) — 1 × 10–12 R2, R4: Spider curl (lengthened bias, face down incline) — 1 × 10–12 Biceps · 4 sets total · regional coverage at both ends of ROM	4 sets total EZ-bar / DB

↕ then immediately

6	Triceps variants — alternate across the 4 rounds R1, R3: Cable pushdown (lateral/medial heads · shortened bias) — 1 × 12–15 R2, R4: Overhead cable extension (long head · lengthened bias) — 1 × 10–12 Triceps · 4 sets total · overhead = badminton smash carryover	4 sets total Cable · soft lockout

D — Superset 4: Lateral raise + External rotation (~5 min · 3 rounds · 60s rest after each pair)

7	Dumbbell lateral raise (both arms simultaneously · cap at 80° — below shoulder height) Medial delt · 3 sets	3 × 15 DB

↕ then immediately

8	Cable external rotation (paired R1+R2 only · skip R3 or repeat lat raise) (non-negotiable for hypermobility · very light load) Infraspinatus · teres minor · 2 sets	2 × 15–20 Cable

Within 60 min after: protein 30–40g + vitamin C
Supports muscle + tendon remodeling · aim 1.6–2g protein/kg/day total

Every rep, every set — hypermobility rules

- Never lock out elbows or wrists — always keep a soft bend at end range
- 3 sec eccentric on all pulling movements — control the return
- Skip session if joints feel unusually loose that day — reschedule, don't push
- Stop set early if any joint feels unstable — prioritize joint feel over rep count
- Hip abductor/adductor machine: deferred until knee is stable

Session timeline

Mobility pre-work (~14 min · separate doc) → Superset B (6.5 min) → C (7 min) → D (9 min) → E (5 min)
Total working session: ~28 min · 21 working sets · then proceed to post-workout mobility protocol

Working set count by muscle group — balanced maintenance volume

Chest: 4 sets (bench 2 + fly 2)
Back: 4 sets (cable row 2 + lat pulldown 2)
Biceps: 4 sets (preacher 2 + spider 2)
Triceps: 4 sets (pushdown 2 + overhead 2)
Medial delt: 3 sets
Rotator cuff: 2 sets

Alternative exercises — if equipment occupied or unavailable

# Primary exercise	Alternative 1	Alternative 2
1 Smith flat bench press	DB flat bench press	Push-ups (feet elevated)
2 Narrow grip cable row	Chest-supported DB row	Bent-over barbell row
3 Lat pulldown (stretch top)	DB pullover on bench	Pull-ups (frame · soft elbow)
4 DB chest fly	Cable crossover (low to high)	Band chest fly (lying on bench)
5 Preacher curl	Spider curl (face down incline)	Cable curl behind body
6a Cable pushdown	DB kickback	Diamond push-ups
6b Overhead cable extension	Skull crusher to forehead	Band overhead extension
7 DB lateral raise	Cable lateral raise	Leaning lateral raise (DB)
8 Cable external rotation	Band external rotation	Side-lying DB ext. rotation
